

I want to express my EXTREME displeasure to any change the National Association of Broadcasters (NAB) would like to make to Satellite Radio! I pay for these services (INCLUDING the traffice and weather channels) and do not want this removed from my channel lineup!

It should not be up to the NAB to dictate what I should be able to hear over satellite radio. Is the NAB's members afraid of a little competition?

I strongly and respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that you demand and deserve.

Sincerely,

Carl Triplett
